Spa 85 Salon & Spa

We know that every great service starts with conversation.

Our staff insists on taking time to consult with you as the individual to create an image that fits you and your lifestyle. By taking that extra time,

we are able to customize each session by selecting the latest trends

and products available to our industry. Our Creative Professionals are carefully

selected for their technical abilities as well as their

professionalism and continually attend educational seminars in order to provide

you with the very best results. At Spa85, we believe in working as a team.

Although most clients prefer to stay with the hair technician or nail technician

they are used to, we encourage you to try another

member of our team. A fresh perspective can sometimes make all

the difference. We are here for you. We hope you will give us the opportunity

to provide you with the Ultimate Salon Spa Experience.

Hair Design

Spa85's Design Team is extensively trained in advanced hair colour and cutting techniques. Our staff of professionals takes the time to understand your needs before applying their creativity.

The Spa at Spa85

Spa Etiquette

Please arrive 30 minutes ahead of your scheduled reservation. This allows time for a leisurely check-in, a change of clothes, and a few moments to relax in the meditation lounge for the experience that awaits you. To keep the serenity of the spa, we ask that you turn off your cellular phones upon arrival. Please note that your scheduled time is your table time. If you arrive late, you will be charged for the entire session and will only be granted the remainder of the session.

All times are approximate.

Spa85 Signature Facial

We will pinpoint exactly what your skin needs, based on your consultation and face mapping skin analysis. Your therapist will then customize your treatment every step of the way. The treatment includes double cleansing, power exfoliation, advanced manual extractions, treatment masque and protection. The treatment also includes deep décollete, arms and scalp pressure point massage to target your stress zones.
